Dear Henrietta

Jane Munson, was your great-great Grandfather, Grandmother Merriman's father.

Deforest Hall Merriman was your great uncle

Cyrus Munson Merriman was my father. This picture was taken in Newfoundland about 1870

Hall D K was in business in Philadelphia when this was taken

When I was sick I was about the date I have a blank space but may be able to fill in later

I can't read this is my handwriting, if so, you can certainly laugh at.

Mrs. Florence Merriman Young, St. Paul, Michigan great aunt was Bonnie, one of the early settlers of Michigan. Bonnie went to Michigan a little before our people settled in Bradford, (Battle Hollow)

We had a Son George who we
visited in Michigan in 1874
but Benoni had died before
that time. The Michigan
Connections I have lost all
track of and heard nothing
of them for over forty years —

Nathaniel Meaniman had
a daughter Mary, who married
a Curtis and so George Mason
Curtis came into the picture
and covered England for
information and was perhaps the
first desk worker on the general ~~g~~.

The package ~~from~~ came this ~~m~~.
and all contents except the one
picture held out for you will be
sent. be forwarded. More
later.

Affectionately

Will Meaniman
